

# Plan your career now

- A career is more than a job
  - Start strong, Reach high, and Go far
- Prepare for the changes along the path, and collect career fuel
  - Transportable skills, meaningful experience, and enduring relationships
- Invest time skillfully
  - Patience, persistence, and thousands of hours of learning and practice

# Steps to bring the plan to life

- Do the career math
- Complete a career inventory
- Take the 100-hr test and complete a personal time portfolio
- Use the career path navigator
- Future-proof your career
